

KS2 Results – 2018

The Key Stage 2 tests take place at the end of Year 6 and assess the children against a national standard. Pupils' results in each test are reported using a scaled score, with 100 being the expected standard for Year 6. Writing judgements were formed by Teacher Assessment.

Percentage of pupils achieving expected standards compared to Essex and England averages:

Key Stage 2		School	National
RWM (Reading Writing and Maths combined)	% at least expected	93%	64%
Reading		97%	75%
Writing		93%	78%
Maths		97%	76%
GPS		93%	78%

Percentage of pupils achieving higher/ greater depth standards compared to Essex and National averages:

Key Stage 2		School	National
RWM	% at higher standard	17%	10%
Reading		55%	28%
Writing		31%	20%
Maths		48%	24%
GPS		66%	34%

Scaled scores were introduced by the DfE, Standards and Testing Agency, to help test results be reported consistently from one year to the next. A pupil's scaled score is based on their raw score. The raw score is the total number of marks received in a test which is then translated to a scaled score using a conversion table. A scaled score of 100 will always represent the expected standard on the KS2 test.

Average Scaled Scores	School	National
Reading	109.9	105.1
Maths	109.0	104.4

The scores below show how much progress pupils at this school made in reading, writing and maths between the end of key stage 1 and the end of key stage 2, compared to pupils across England who got similar results at the end of key stage 1. A score above zero means pupils made more progress, on average, than pupils across England who got similar results at the end of key stage 1.

School 2018	29 children
Reading	3.8
Writing	1.9
Maths	3.7
